What Are The Angels Saying To You?

An Angel Card Reading can reveal messages for you from the angelic realm.

Many people find that an Angel Card Reading can help provide guidance and support for:

- Patterns of behavior that you'd like to change such as, repeating relationship or job patterns that don't serve your greater being
- A challenge you're facing that may seem overwhelming
- Confusion as to how to make the best decision for a dilemma you're facing
- Finding more clarity and direction in your life

The readings are always positive and comforting, offering guidance for the highest good of all. Light refreshments will be offered as you relax in our reception area. This is a great way to spend a fun Saturday evening with friends!

Beth Ann Fischberg and **Lea Hill** are both certified Reiki and Angel Healing Practitioners. They are honored to help bring guidance and comfort to support you on your journey.
